LEARNING AND ASSESSMENT

RANGE OF TRAINING/ASSESSMENT OPTIONS

At Smart City Vocational College, our aim is to meet your individual needs – if you have particular needs because of access, distance, inability to attend courses or any other needs that you believe we should take into account, then please discuss these with us.

The following are just some suggestions as to flexibility of learning and assessment.

LEARNING

- Classroom
- Self-paced
- Interactive (on-line)
- Assistance with Literacy/Numeracy skills
- Special modes of learning for people with learning difficulties

Smart City Vocational College will identify your language, literacy and numeracy skills at the beginning of your training and will arrange for additional assistance in these areas if needed.

ASSESSMENT

Each qualification is made up of a number of units. To be awarded the qualification you need to be assessed as competent in each unit. A number of different types of assessment will be conducted throughout your course. The assessment methods used will be explained to you during the induction. Your trainer and assessor will provide you with specific information on how to compete the assessments as you go through your course.

- Recognition of your past experience/qualifications (RPL).
- Methods of assessment to cover a range of evidence gathering, for example, written questions/workplace project, observation, verbal questioning, supplementary evidence including, evidence portfolio, referee report, photographic evidence, workbook activities, log book.
- Your assessments will be marked; ‘satisfactory’ or unsatisfactory’. If your assessment is marked ‘unsatisfactory’ your assessor will give you feedback that identifies any areas needing improvement and you will be able to resubmit this piece of work. You need to be awarded ‘satisfactory’ in all assessment tasks in order to be awarded your qualification.
- Most courses use formative assessments. This means evidence is collected as you progress through your program. Your trainer and assessor will provide you with due dates for your assessments. If you cannot meet the set due dates please contact your trainer before the due date to ask for an extension.
- Assessment can be modified where necessary.

At Smart City Vocational College we recognise there may be a need for reasonable adjustments to our assessment and learning plans. Any individual need that you have will be addressed as it arises. Please speak confidentially to your trainer and assessor about any concerns or individual needs you may have with regard to your assessments.

When submitting assessment items, please ensure you have followed the guidelines as outlined in the assessment booklet, e.g. typing/writing your name, unit of competency code, and page number on all documents etc.
**Resubmission**

All learners have the right to resubmission of an assessment item. A learner will be provided with 3 resubmission attempts per assessment item only.

Where a learner has not satisfactorily completed an assessment item after 3 attempts, the learner shall be deemed not yet competent for the unit of competency in which the assessment item forms part.

A not yet competent result will not stop the learner from continuing to progress and satisfactorily complete the assessment requirements for the remaining units of competency in their course of study.

Prior to completion of the course of study, the learner will be provided with the option to request a course extension. The learner will be provided with 1 final attempt at reassessment of each not yet competent unit of competency during the course extension period.

**Reasonable Adjustment**

When required, trainers/assessors will apply reasonable adjustment for a Learner’s training or assessment. Reasonable adjustment may include:

- modifications to physical environment
- changes to course design, e.g. substituting an assessment task
- use of adaptive/assistive technology
- educational support
- provision of information or course materials in accessible format, e.g. a text book in braille
- changes in teaching practices, e.g. wearing a microphone to enable a Learner to hear class sessions
- learning and assessment aids
- extra time to complete assessments

**Assessment Appeals**

At Smart City Vocational College a fair and impartial appeals process is available to all Learners. If a Learner wishes to appeal his/her result, he/she must first discuss the issue with the trainer/assessor. If the Learner wishes to proceed with the appeal, then the Learner should complete an appeal application in written form (Assessment Appeal Form), addressed to the Campus Manager.

- The appeal application should be received by the Campus Manager no later than 21 days after the completion of the assessment.
- All appeals to Campus Managers must be recorded in writing and the result of the appeals process will be communicated to the Learner in writing, including reasons for the decision made.

**Recognition of Your Past Experience/Qualifications**

Recognition of prior learning also referred to as RPL, is the formal recognition of a person's current skills and knowledge, no matter how, when or where the learning occurred. It is an assessment process that assesses the individuals’ non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and/or partial or total completion of, a qualification. Even if you have never formally studied or trained in a particular area, you may have gained knowledge and skills through your education, training, work and life experience.

Recognition of prior learning suits people who have industry relevant:
Recognition of prior learning could provide you with a full or part qualification, and avoid duplication of training. It could be used to identify what training you may need to complete a qualification, or provide a pathway to higher qualifications.

If you feel that you have skills, past experience or qualifications that should be recognised as part of your present course, then please mention this to your trainer.

**Credit Transfer**

Credit transfer is where you may have successfully completed units or a course previously with Smart City Vocational College or with another Registered Training Organisation and it is relevant and/or able to be used for your current and anticipated study. Please note that Smart City Vocational College is committed to applying Credit Transfer to Qualifications/Units completed at other training organisations. Please ensure you mention this to your trainer on/before enrolment.

**Unique Student Identifier (USI)**

_All students who will be completing or commencing nationally recognised training with Smart City Vocational College (campus, distance or blended) will need to have a Unique Student Identifier (USI). This is a requirement of the Australian Government - Department of Industry._

A USI account will contain all your nationally recognised training records and results from 1st January 2015 onwards. Your USI will help keep your training records and results together in an online account controlled by you. Each time you enrol to study at a new training organisation, your USI will be used to store your training records and results.

By having a USI you will be able to access your training records and results (or transcript) whenever you need them (eg for a new employer or when you enrol to study at a new training organisation). Your USI can be accessed online from your computer, tablet or smart phone and allows easy access to your training records and results. A Unique Student Identifier (USI) is effectively a reference number made up of 10 numbers and letters (eg 3AW88YH9U5) that gives you access to your USI account.

The USI will stay with you for life and will be recorded with any nationally recognised Vocational Education and training course that is undertaken or completed from 1st January 2015 onwards.

**Who needs a USI?**

- Students who are enrolling in nationally recognised training;
- School students completing nationally recognised training;
- Students continuing with nationally recognised training (a continuing study is a student who has already started their course in a previous year and not yet completed it and will continue studying after 1st January 2015)
APPLY FOR YOUR OWN USI
It is free and easy for you to create your own USI online. Visit the USI website at usi.gov.au and select the ‘Create a USI’ link and follow the steps.

ONCE YOU CREATE YOUR USI

- View and update your details in your USI account;
- Give your training organisation permission to view and/or update your USI account;
- Give your training organisation view access to your transcript;
- Control access to your transcript from 2015; and

\(^3\) Fees are applied as per fee schedule from Vocational Education, Training and Employment Regulation 2000 (as at 20.7.2012)
VET FEE-HELP

VET FEE-HELP is an Australian Government loan scheme that helps eligible Learners to pay their tuition fees for higher-level vocational education and training (VET) courses undertaken at approved providers. The loan will remain as a personal debt obligation until it is repaid to the Commonwealth.

You can choose to pay:

- all your tuition fees upfront to Smart City Vocational College;
- pay some of your tuition fees upfront and use the VET FEE-HELP loan for the rest, or;
- use a VET FEE-HELP loan for all your tuition fees (up to your FEE-HELP limit).

To be eligible for VET FEE-HELP you must:

- be an Australian citizen or permanent humanitarian visa holder (resident in Australia for the duration of the qualification); AND
- have not exceeded the FEE-HELP limit (see below); AND
- meet course requirements as follows:
  - are a full fee-paying / fee for service student studying a diploma, advanced diploma, graduate certificate or graduate diploma level course at an approved VET FEE-HELP provider; AND
  - are enrolled with an approved provider in an eligible unit of study by the census date for that unit.

APPLYING

To apply for VET FEE-HELP you must submit a valid Request for VET FEE-HELP assistance form provided by Smart City Vocational College prior to the census date. This signed form applies to a loan for the entire qualification, charged on a unit by unit basis, unless you pay some of the tuition fees.

Census dates will apply to each of the VET units of study in which you enroll, with you taking out a loan for any tuition fees that remain unpaid at the end of each census date.

A census date is the date most important for you to know about. The census date is the last date you can:

- Submit form to access a VET FEE-HELP loan or
- Withdrawn/cancel enrolment without incurring the cost or debt for that unit

Please refer to our website, www.smartcitycollege.edu.au for a current copy of the VET Tuition Schedule (which outlines unit of study cost and census dates) and census date calculator.

ENTRY REQUIREMENTS

There are no specific entry requirements for the qualifications offered by Smart City Vocational College. Learners will however be required to complete a Pre Course Commencement Questionnaire as part of the enrolment process with Smart City Vocational College. For further information on entry requirements for the VET FEE-HELP program, please refer to the Student Entry Procedure on our website, www.smartcitycollege.edu.au

Protection for learners under 18 years

Smart City Vocational College will not accept a Request for VET FEE-HELP loan form as a complete form from a learner under the age of 18 unless a parent or guardian (responsible parent) has co-signed the form.
Exceptions are permitted in limited circumstances where a learner under the age of 18 is receiving youth allowance (within the meaning of the Social Security Act 1991) on the basis that the person is independent. Learners seeking exemption will need to provide suitable evidence to Smart City Vocational College from Centrelink to this effect.

**Two day cooling off period**
From 1st January 2016, Smart City Vocational College will not accept a VET-FEE-HELP loan request (CAF) from a student until a two-day ‘cooling off’ period has elapsed after enrolment.

A VET FEE-HELP Invoice Notice will be issued to learners at least 14 days prior to all census dates. The Invoice Notice provides learners with course information including the unit of study tuition fees to be incurred. It will be delivered to the learners email or mailing address.

**Important**, please note:
- The VET FEE-HELP loan is subject to yearly CPI increases
- The VET FEE-HELP loan impacts on your credit rating

*You may wish to seek independent financial advice prior to applying for a VET FEE-HELP loan.*

Throughout your training, you will note reference to Units of Study (UOS). This is not a unit of competency or subject. A unit of study is a group of units of competency. You should work towards completing all units of competency within a unit of study before you progress to the next unit of study.

**Commonwealth Assistance Notice**
After each of your census dates, Smart City Vocational College will send you a Commonwealth Assistance Notice (CAN). The CAN includes important information about your enrolment, any HELP debt you have incurred or student contribution amounts you have paid, and any loan fee you may have incurred. The CAN will include information on:
- the tuition fees for your units of study;
- the units for which you have received FEE-HELP or VET FEE-HELP;
- any up-front payments you have made;
- any FEE-HELP loan fee incurred for undergraduate units of study; and
- any VET FEE-HELP loan fee incurred.

**Minimum Units of Study (Fee Periods)**
From November 2015, any updated courses offered by Smart City Vocational College will be reviewed to ensure that the Department of Education and Trainings requirement of a minimum of three units of study (fee periods) is met. This minimum requirement ensures that your fee amount is evenly distributed over the period of your study.
**REPAYING THE LOAN**

You will need to start repaying your VET FEE-HELP debt through the taxation system once your income is above the **compulsory repayment** threshold, even if still studying. The compulsory repayment threshold is adjusted each year. The amount repaid each year is a percentage of repayment income. The percentage increases as income increases, so the more earned, the higher the repayment will be. The loan will affect (by reducing) take-home (after-tax) wage or salary until the debt is repaid and may affect borrowing capacity until the debt is repaid to the Commonwealth. Currently, the repayment threshold is $54,126.00. Please refer to the Study Assist website for more detailed information, [www.studyassist.gov.au](http://www.studyassist.gov.au)

**EXTENSIONS**

As a Learner with Smart City Vocational College, you are responsible for your own academic progress in your course. If however, you do experience circumstances, or have concerns that impact on your ability to complete your course within the required timeframe, you must contact your Trainer or Student Support Officer as soon as possible. They will provide you with support and advice to plan and implement techniques to assist you in working towards completion.

Learners will be considered for a one (1), six (6) month only course extension without incurring any additional fees. However, subsequent requests for extensions will not be approved and will result in the need to re-enrol and thus incur a new VET FEE-HELP debt.

**WITHDRAWAL FROM VET FEE-HELP**

It is important to correctly withdraw from your course or unit of study. If you do not withdraw properly or if the withdrawal deadline is missed, you will incur a VET FEE-HELP debt.

*Failure to attend a class, hand in any assessments or other inaction on your part while you remain enrolled does not stop you incurring a VET FEE-HELP debt.*

If you wish to withdraw, please ensure you complete either of the following as soon as possible. You should ensure your withdrawal request is submitted prior to your census date/s to ensure you don’t incur any unnecessary debt.

- Contact Service Desk on 1800 BE SMART (1800 23 76278)
- Email - send an email to our Service Desk advising you wish to withdraw from your qualification, ensuring you include in your email:
  - your full name
  - address
  - USI
  - qualification name
- Website - Download withdrawal form from our website, complete and send to servicedesk@smartcitycollege.edu.au

A copy of Smart City Vocational College’s Withdrawal Policy is located in the policy section of our website, [www.smartcitycollege.edu.au](http://www.smartcitycollege.edu.au)

Successful withdrawal from the VET FEE-HELP will result in you:

- not incurring a VET FEE-HELP debt; and/or
- receiving a refund for any up-front tuition fee payments made on or before the census date

**REFUND – VET FEE-HELP**

Refund information specific to this program is found in the back of this Learner Handbook or on our website. Adjustment of VET FEE-HELP tuition fees will also be made appropriately where a learner applies for and is successful in their application for RPL or Credit Transfer.
**EXPIRY OF ENROLMENT**
If you have not completed your course within the required timeframe (and an extension has not been approved), your enrolment will be recorded as expired. You will be unenrolled from the course and if you wish to continue, you must re-enrol and be liable for another VET FEE-HELP debt.

**COURSE RE-ENROLMENT REQUEST**
If you have been unable to complete your course within the specified timeframe (including with an approved extension), and you wish to continue, you will be required to re-enrol in the course and incur a new debt for the units of competency you have not previously completed. If you wish to re-enrol you must contact your Trainer or local Campus Manager.

Re-enrolment in a VET FEE-HELP course with Smart City Vocational College will:
- be granted at the discretion of Smart City Vocational College
- in respect of a superseded course, only be permitted to re-enrol until the prescribed ‘teach out’ date

Recognition of Prior Learning

V1

Credit Transfer

V1.1

Recognition of Prior Learning

Recognition of Prior Learning (RPL) means an assessment process that assesses the competency(s) of an individual that may have been acquired through formal, non-formal or informal learning to determine the extent to which that individual meets the requirements specified in the training package or VET accredited course.

1.1 Recognition of prior learning, also referred to as RPL, is the formal acknowledgement of a person’s current skills and knowledge, no matter how, when or where the learning occurred. The recognition gained may considerably reduce the study time needed to get a qualification.

1.2 Smart City Vocational College is committed to recognising the skills, past experience and/or Qualifications or units of competency already achieved by a learner through a recognition of prior learning process.

1.3 All Learners are provided with access to RPL information by speaking with Smart City Vocational College campus staff, talking to their trainer, accessing website information, reading the student handbook and referencing promotional material.

1.4 Smart City Vocational College will only provide recognition of prior learning (RPL) for the unit/s of competency within the Qualifications they have listed on their current scope of registration and are delivering.

1.5 RPL can take place at any time during a learner’s training, apprenticeship or traineeship.

1.6 New learners wishing to complete a Qualification or unit/s of competency through an RPL assessment only pathway will incur a fee which includes a non-refundable application fee of $150.00.

1.7 Where a learner is already enrolled and undertaking learning with Smart City Vocational College and wants to apply for RPL of a unit or units, no application fee shall apply.

1.8 All learners are required to submit an application for RPL assessment.

1.9 Successful applicants will be notified of their suitability to undertake a recognition of prior learning process for the relevant unit/s of competency or Qualification and will proceed to enrolment if not already enrolled.

1.10 Applicants deemed not suitable for an assessment only pathway (RPL) will be advised the reasons for the decision and steps they can take, including appeal mechanisms and gap training. Applicants will proceed to enrolment if not already enrolled.
1.11 RPL assessment will be conducted in line with the principals of assessment outlined in the Conduct Assessment Policy and all assessments will be conducted with the same rigour as any other form of assessment. RPL assessment evidence may include, but not be limited to:

- Resume’
- Evidence of current competence in roles relevant to vocational area and/or individual units of competency
- Performance observation, demonstration or skills test
- Portfolio, logbook, task book, job description, projects or assignments
- Professional conversation
- Competency conversation/interview with Assessor workplace observation

1.12 An entire qualification can be achieved through an RPL process with the exception of a learner undertaking a traineeship or apprenticeship through user choice funding.

1.13 All evidence provided by the learner and used during the recognition process to make a determination will be maintained on the learner’s hardcopy and/or electronic file.

1.14 Results of a recognition outcome (RPL granted or RPL not granted) will be recorded in Wise.Net and will form part of data reporting and Qualification Issuance process.

**Credit Transfer**

1.1 Credit reduces the amount of learning required to achieve a qualification and may be achieved through credit transfer. Smart City Vocational College provides learners with the opportunity for a direct credit of unit/s of competency equivalent to ones they may have achieved through another training provider.

1.2 All Learners are provided with access to credit transfer information prior to or on enrolment through contacting Smart City Vocational College campus staff, website information, student handbook and promotional material.

1.3 Learners are required to make application as soon as practicable prior to or after enrolment into their preferred course and all Credit Transfer applications must be supported by appropriate evidence consisting of verified or original copies of qualifications or unit/s of competency.

1.4 There will be no cost to the learner for the assessment and mapping of a Credit Transfer result.

1.5 Where a funded learner seeks credit transfer i.e. VET FEE Help, Certificate 3 Guarantee or User Choice, an adjustment to the tuition fees must be processed and recorded in Wise.net for reporting purposes.

1.6 Credit transfers can be granted under any one of the following circumstances:

- The learner will be granted automatic credit for any directly equivalent unit that a learner has successfully completed at any other Registered Training Organisation (RTO). The unit must have exactly the same code and title, even if it is not from the same Training Package, as per the Qualification Packaging rules.
• When the Transition or Purchasing Guide for the relevant unit of competency has been reviewed and the outcome indicates that a minor changes to the unit code or title has occurred e.g. A code to B code with “an equivalent outcome” or “no change”.

• When the unit of competency has been transferred from another Training Package and recoded, however the learning outcomes remain the same.

1.7 Where a learner makes application to credit transfer a unit or units of competency which are not offered by Smart City Vocational College as part of a training product, the qualification packaging rules will be used to determine how the units held by the learner could be used as credit towards a qualification.

1.8 Successful learners are notified promptly of the credit transfer outcome for the relevant unit/s of competency and/or Qualification. Unsuccessful learners are advised of reasons for non-recognition and steps they can take, including appeal mechanisms and gap training.

1.9 Results of the credit transfer outcome will be recorded in the Learner’s file on Wise.Net and will form part of data reporting processes and Qualification issuance.

   b) a refund of the learner’s up-front VET tuition fee payments and/or a re-crediting of any FEE-HELP balance for any VET unit of study that the VET learner was enrolled or commences but does not complete because Smart City Vocational College Pty Ltd ceases to provide the VET course of study of which the unit forms part (this is known as the “VET Tuition Fee Repayment Option”)

1.5 Smart City Vocational College Pty Ltd has met the VET tuition assurance requirements as specified in the VET Guidelines through its current membership of the ACPET ASTAS-VET Scheme. Contact details for ACPET ASTAS-VET Scheme Administrator are:

This offered VET course will lead to the same or a comparable qualification without any requirement on the part of the learner to pay the second provider any tuition fee for any replacement VET units (that is, units that the learner had commenced but not completed because the VET course ceased to be offered). A VET learner will receive full credit from the Second Provider for any VET units of study successfully completed at Smart City Vocational College Pty Ltd.

The second provider nominated by ACPET may have different tuition fees to the fees the learner would have paid for VET units of study which were part of the VET course of study the Smart City Vocational College Pty Ltd ceased to provide but which the learner had not yet started studying.

A learner is not obliged to enrol in a VET course of study with a second provider offered by ACPET under the VET Course Assurance Option. However, if he/she enrolls with any other VET provider there is no obligation on that VET provider to offer full credit transfer for the VET units of study completed with the Smart City Vocational College Pty Ltd or to offer replacement VET unit/s free of charge.

**The VET Tuition Fee Repayment Option:**
Under the VET Tuition Fee Repayment Option, ACPET undertakes to pay the learner the total of any up-front VET payments already paid by the learner for any VET units of study the learner has commenced but not completed because the VET course ceased to be offered. Incurring a VET FEE-HELP Debt

1.2 Learners who have requested VET FEE-HELP Assistance and who remain enrolled after the published census date will incur a VET FEE-HELP debt. A Learner who withdraws from a Unit after the published census date for that Unit will incur a VET FEE-HELP debt for that Unit.

1.3 A Learner who is, or would be, eligible for VET FEE-HELP and has requested VET FEE-HELP Assistance, who withdraws from a Unit on or before the census date for that Unit will not incur a VET FEE-HELP debt for the tuition fees for that Unit. For further detailed information please refer to the Cancellation Policy and Procedure.

Re-crediting a FEE-HELP Balance

1.4 Learners who withdraw from a Unit after the published census date, or fail to complete a Unit, may apply to have their FEE-HELP balance re-credited with respect to the Unit if they believe special circumstances as described below.

Special Circumstances

1.5 If a Learner withdraws from a Unit after the published census date for that Unit, or has been unable to successfully complete a Unit and believes this was due to special circumstances, the Learner may apply to have their FEE-HELP balance re-credited for the affected unit/s.

1.7 For circumstances to be beyond a Learner’s control, the situation should be that which a reasonable person would consider is not due to the Learner’s action or inaction, either direct or indirect, and for which the Learner is not responsible. The situation must be unusual, uncommon or abnormal to be considered special circumstances.
1.8 Special circumstances do not include:

- lack of knowledge or understanding of requirements for VET FEE-HELP assistance; or
- a Learner’s incapacity to repay a VET FEE-HELP debt (repayments are income contingent and the Learner can apply to the Australian Taxation Office for a deferral of a compulsory repayment in certain circumstances).

It is developed by a registered training organisation in consultation with the parties to the contract as the basis for training and assessing a person undertaking an apprenticeship or traineeship.

Superseded Training Package/Transition
Training packages are monitored and revised as the need arises. A review may lead to a qualification or unit of competency being superseded by:

- a new version of the qualification or unit of competency, or
- the endorsement of a new qualification or unit of competency altogether

Learners are entitled to graduate with a qualification that most closely represents the current skill needs of industry. A qualification being superseded or discontinued is a clear indication that industry needs have changed to the extent that the previous qualification is no longer suitable.

The Standards for Registered Training Organisations (RTOs) 2015 require providers to manage their scope of registration to ensure that all learners enrolled in a superseded training product are transferred to a current training product within one year of the replacement being published.

This ensures that wherever possible learners undertake the current qualification so their future career pathways or opportunities for employment are not adversely affected.
